### TRAINING STUDENTS TO SPEAK BEFORE CAMERA FOR SELF CORRECTIVE PURPOSE

As part of the Spoken English language classes students were given training in speaking English through their subject learned which will enhance them to speak the concepts or ideas efficiently without any shutters. This method also helps them for self-corrective, vocabulary enhancement and body language control.

The Department of English works with the neighboring schools as an extension activities wherein it trains the high school students to enhance their speaking abilities and training them to transform a piece of advertisement paper into a speaking material.

The department believes in 3P's practice, practice and practice

Nothing stays artificial for a longer time if 3P's were followed sure to speak the English language fluently and accurately in its natural way though not closer but standard.

The Department of English works with the neighboring schools as an extension activities wherein it trains the high school students to enhance their speaking abilities by giving them a context. The department believes in 3P's practice, practice and practice Nothing stays

artificial for a longer time if 3P's were followed sure to speak the English language fluently and accurately in its natural way though not closer but standard.
