Teachers' Feedback Analysis Report for the Academic Year 2018-19

The questionnaire is designed to get a feedback of Teachers' regarding the Design and Delivery of Structure of Curriculum and Syllabus. Further 18 questions were asked about Syllabus content, infrastructure of ICT classes, Industry-Academia Collaboration etc. and offer their valuable suggestions or observation to improve it.

Findings:

1. Majority of the teachers accept that curriculum is designed to ensure overall development of students.
2. 90% teachers accept that Syllabi revision is carried out regularly to include current topics.
3. Most of the teachers acknowledge that courses taught increase job competencies and skills.
4. Majority of the teachers Strongly agreed with the moral and ethical values are taught to the students .
5. Teachers Strongly agreed that the college offers infrastructure facilities for ICT enabled classrooms and Media Center to record and edit Video lectures and to upload them.
6. Almost all the teachers opined that Institution encourages students to take part in Curricular, Extra-Curricular and Sports activities for their overall development.
7. The analysed revealed that majority of the teachers strongly agreed with Outcome Based Education.
8. Most of the teachers agreed that College is determined to achieve its Vision and Mission.

Observation/Suggestions

Based on the analysis, the teachers observed and suggested the following for consideration and further improvement:

- i. Provide more facilities to improving the communication skills of students.
- ii. Introduce on the Job Training.
- iii. Involve students in campus maintenance.
- iv. Introduce OMR based examinations for some subjects.
- v. Introduce online attendance, fee payment and exam fee payment.
