Editor's Note

It is indeed a great honour to be the Editor of this Silver Jubilee Edition of our College Newsletter. I feel an immense pleasure to pen the editorial column of this Edition. At the outset, I would like to express my heartfelt thanks to the 'Almighty' for His gracious guidance to me in making this sleek and smart Newsletter. I place on record my words of thanks to our magnanimous Management, Principal, Vice-Principal and also the other dignitaries and signatories of our college for deputing me as the Editor of this Newsletter. I feel very proud to welcome the readers from diverse strata of academic sphere to view this Silver Jubilee edition of our in-campus half yearly Newsletter. The Editorial board vocalizes cheers and sense of fulfillment all around to release 25th issue of the Newsletter.

Islamiah College has been one of the hot spots in the Academic World for a century for its educational and societal service. Being an autonomous institution, the Islamiah College could itself develop the courses on the basis of present employable job market on boarding through microlearning, virtual reality, and high-velocity learning in a rapidly evolving competitive world. The purpose of this Newsletter is not only to conceit the achievements, but also to self-evaluate our performance in the yesteryear and to look and move forward towards the progress in the coming years according to the changing patterns of the neo-world order.

Conferment of Extension of Autonomy Status for a period of SIX years from the academic year 2016-17 to 2021-22 by UGC, New Delhi is a foolproof on the performance of our institution of learning and reflects our "left no stone unturned" attitude towards excellence. The ever-increasing student strength, 'A' grade in re-accreditation by NAAC and Extension of Autonomy status for further six years by UGC bestowed, bear testimony to the high quality of inclusive education offered by our institution to the rural based young learner communities of this region. Our rise has indeed been impressive, at the same time we are equally aware of the responsible task of sustaining the spiraling growth.

In this issue, breakthroughs in the field of academic, research, support as well as extension service and sports were documented and recounted since Jan 2017 to June 2017. Congratulations to all those who have received awards/prizes since the last edition of the Newsletter.

The Editorial Board expresses the gratitude and heartfelt thanks to all those who have contributed to make this effort a success. The Board profusely thanks the munificent Management, the vibrant Principal, the dynamic IQAC Co-ordinator, devoted faculty and the dedicated support staff who have joined hands in bringing this Silver Jubilee Issue of Newsletter. We truly hope that the pages that follow will make an interesting read.

Secretary's Message

It is a great opportunity for me to present the Silver Jubilee Issue of our College Newsletter during my period as the Secretary and Correspondent of this reputed institution.

This Newsletter comprise of regular academic, research and social activities along with a few milestone events of the College. The most important event that took place during this period was the "Award of Extension of Autonomy" to my Alma Mater for a period of six year from 2016-17 to 2021-22 which not only justifies our reaccreditation with 'A' grade but also validates the faith on the autonomy by the stakeholders of this esteemed institution. I feel honored to guide this college for achieving some milestones during its centenary year. I take this opportunity to appeal to all stakeholders of this prime institution to prepare themselves for achieving "National Ranking" during the next academic year 2018-19 and prepare the institution for 3rd cycle of "NAAC Reaccreditation" process. I am very grateful to all those who worked directly and indirectly for the reaccreditation and autonomy review process. I call upon all our teaching and non-teaching staff to regroup to impress upon the members of the upcoming NAAC committee. I hope everyone will find this Newsletter exciting and interesting. I thank all the contributors for their effort to make this Newsletter a grand success.

Dr. Anwarullah Hajee

Principal's Message

This edition of the Newsletter is very special because it covers many rare events including this issue itself. It is an extraordinary coincidence that a Silver Jubilee issue covers many landmark events of the College.

It is my privilege to bring out this Jubilee issue of this Newsletter, which encompasses our academic and sports achievements, rare and regular events, spectra of celebrations and on the cutting edges of our research and publications. This issue brings out happy news on our achievement of "Grant of Extension of Autonomy" by the UGC to this century old college. Like every newsletter, this also celebrates our successful voyage on education as minority managed autonomous college. Continuous efforts on the growth and development of this institution make this issue a little thicker than the regular one. We have a long way to succeed in our vision and our next mission is to get into the list of best colleges through the National Ranking Frame Work by MHRD and prepares ourselves for the 3rd cycle of reaccreditation by UGC. Our faculties were able to get 3 ICSSR sponsored seminars and 4 UGC funded minor research project successful at a time along with NCPUL seminar. I hope our departments are fully geared up to get more funds from other funding agencies for Major Research Projects. I anticipate this Newsletter portrays all our achievements and acclaimed activities. I pray Almighty to provide power and patience to succeed in our vision and new goals in the forthcoming years.

Dr. K. Prem Nazeer
