

ISLAMIAH COLLEGE (AUTONOMOUS), VANIYAMBADI

GREEN CAMPUS POLICY

In pursuing our goal of developing and maintaining an eco-friendly, green campus, we thrive upon following major areas:

- Green Cover Management
- Waste Management
- Water Management

GREEN COVER MANAGEMENT

To increase and maintain the green cover in and around the campus following measures are taken:

- ❖ Create awareness on the significance of green cover among the staff and students.
- ❖ Organizing frequent tree plantation drives .
- ❖ Encouraging and training the students to prepare seed balls and disperse in vacant places, forest areas.
- ❖ Distribution of pens made from waste paper embedded with seeds.

WASTE MANAGEMENT

- ❖ To adopt methods for waste segregation
- ❖ Take appropriate actions to reduce or recycle municipal waste inside the campus.
- ❖ To manage, collect and dispose e-waste appropriately as per norms.
- ❖ To reduce hazardous waste and its management
- ❖ Actions taken to reduce consumption of plastic in the campus.
- ❖ To encourage paperless work culture and recycling/ reuse of paper.
- ❖ Display waste management instructions/alerts at prominent/relevant locations in the campus.

WATER MANAGEMENT

- ❖ Adopting various measures in campus to reduce water consumption
- ❖ Construction and maintenance of rain water harvesting system in the college campus.
- ❖ Immediate change of leaking water taps with more water efficient taps.
- ❖ Use of recycled water for watering plants, trees etc
- ❖ Display water management instructions at relevant locations in the campus.
