Fifteen M. A. History students of our department along with the staff members Dr. K. Murugan, Mr. P. Basith Assarani and Dr. Mohammed Osman Pasha, Assistant Professors of History visited the Archaeological sites at Keeladi and visited the historical places at Pudukottai, Tanjore and Tiruchirappalli as per the schedule. The students and staff members assembled in our college campus and started their journey on 31st March, 2022 by 08:30.P.M through a 20-seater van. Our Principal, Dr. T. Mohamed Ilyas, supervised and inspected the necessary arrangements for a trip and advised our students about the precautionary measures and discipline students should follow in the tourist places and he insisted on the importance of the field visit as a part of the education before sending off our students. We started our journey from our campus and reached Madurai by next day morning on 01st of April, 2022, after visiting the Madurai local. We reached keeladi excavation spot by the same day evening.

Day-I (01-04-2022) - KEELADI

The group of 15 students along with 03 staff members visited 2200 years old Archaeological excavation site at Keeladi. Our students witnessed the four excavation trenches of the seventh phase of the excavation site at Keeladi. The unclosed archaeological pit unveiled the knowledge of our students practically apart from the books and classroom teaching. The students learned about the excavation procedures, measurements and the procedure for digging out the remains without any disturbance of its original form. Our students got a chance to visit the displayed remains of the eighth excavation trench. The variety of red ware remains of pottery sherds are displayed from the abovesaid eighth excavation site. After visiting the excavation trenches at Keeladi the students and staff members are stayed at Madurai to continue their journey for next day morning.

(From Left to Right: Dr. Mohammed Osman Pasha & Dr. K. Murugan and students examining the excavation trenches at seventh phase of Keeladi excavation trenches)

Day-II (01-04-2022) FIRST VISIT - CITHANNAVASAL

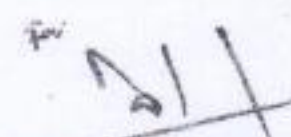

The second day historical field trip was started with visiting Art Gallery in Rock-cut Jain temple at Chithannavasal nearby Pudukottai on the way to Tanjore by morning. Our students with the responsible staff members visited the Art Gallery at Rock-cut Jana temple called as Arivar-Kovil belong to the Pandya Kings Maran Sendan and Arikesari Maravarman whose reign from 7th to 8th centuries. The students enjoyed visiting the famous historical fresco paintings, samanar padukkai, stone carvings at roof, pillars, pilasters, sanctum; sitting posture of 24th Tirthankara's statue, brightest colorful murals on the upper parts of the cave etc., The students enjoyed the trip and got an additional practical information about the particular historical site in Chithannavasal. After visiting Chithannavasal our educational tourist group moved towards Tanjore Periya Kovil.

SECOND VISIT – TANJORE PERIYA KOVIL

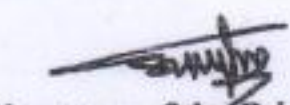

We reached Tanjore Periya Kovil by the same day approximately 11:00.a.m. The students enjoyed visiting the Architectural splendor of the Cholas and studied the techniques used to construct the temple walls and the Gopura. Our students visited and astonished about the grand structures of Nandhi, Sculptures erected by Raja Raja Chola thousand years before. The students witnessed the astonishing fact about the 25 tones weighed single granite stone. The students learned about the Dravidian style of Architecture splendor and knew the differences between styles of Architecture followed in south and north during medieval Tamilagam. We departed from Tanjore after lunch and reached Kallanai at Truchrappalli by evening.

THIRD VISIT - KALLANAI DAM (or) GRAND ANICUT

Our educational tourists reached Kallanai, a Grand Ancut at Truchirappalli approximately by 04:00. P.M. The students witnessed the Ancient Dam constructed by the early Chola King Karikalan between 100A.D to 150.A.D. The students learned about the engineering wonder of the Ancient Tamil peoples through this field visit. This field visit witnessed our students to know about the importance gave by our Tamil rulers to irrigation on Cauvery river bed and their peoples welfare measures through this standing example. The students visited "MANMANDAPAM", a memorial place for Karikala Cholan by the then Tamil Nadu Government and learned the entire history of that particular King and region through the portrayed colorful paintings and wall hangings. After visiting the last phase of our Historical Field Visit, our team of students and staffs are concluded their trip and reached our college campus at Vaniyambadi by the same day night means the starting of the next day (03rd April, 2022 by 01:00. A.M. the students from long distance are halted in our college owned Guest House along with our staff members and departed by the dawning of the day.

Report On Out Reach Programme at
Naya Madarasa School, Nethaji nagar, Vaniyambadi

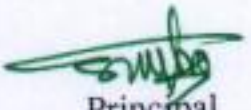

07.12.2021

P.G and Research department of chemistry carried out extension activities/Out reach Programme on the theme "Health, Hygiene and Education" to the students of Naya Madarasa (a School for the Poor Students of Nethaji Nagar) on 07 December 2021. The staff members of the department of Chemistry along with the P.G and 3rd Year U.G students visited the school at 10 a.m. on 07-12-2021. The students were given the task of tree/sapling plantation in the school campus. 30 tree/sapling received through the Enviro club of our college were planted by the students. The students of the school were grouped according to their age and the staff members interacted with the students and emphasized the importance of Health and Hygiene particularly during the pandemic period. The students of higher classes were informed about the various opportunities for Higher Education in and around Vaniyambadi. They were motivated to continue their Higher Education.

In the afternoon, the Staff members spoke to the Parents of the School students. The parents were explained about the health and hygiene of their wards studying in the school and they were motivated to encourage their children in continuing Higher Education.

VANIYAMBADI - 2.

Background of the Camp

Community services have always been an integral part of Islamiah College (Autonomous) and keeping this thought in mind, PG and Research Department of Biotechnology organised a successful Blood Group Screening and Blood Pressure check-up Camp on 02-04-2022 at Vijilapuram Village Panchayat Office with following objectives.

Objectives:

1. To identify the Blood Group of people of Vijilapuram.
2. To check Blood pressure of people of Vijilapuram.
3. To create awareness on Nutritious and affordable food items.

Executive summary of the visit

With the permission of Dr. T. Mohamed Ilyas, Principal, Islamiah College, (Autonomous), the PG and Research Department of Biotechnology organized free blood group screening and Blood Pressure check -up camp on 2nd April 2022 at Vijilapuram Village Panchayat Office. Main objective of the camp was to raise mass awareness about health and the importance of regular health check-ups. During these health camps, our team of Staff members and students conducted free blood group screening and Blood Pressure check-up.

The camp was conducted under the guidance of Dr. T. Mohamed Ilyas, Principal, Dr. S. Raja Mohamed Kamil, Vice Principal & IQAC Co-ordinator and Dr. H. Abdul Jaffar Ali, Head, Department of Biotechnology.

This camp was conducted by Dr. M.A. Farook, Assistant Professor and Co-ordinator in the presence of Mr. Govindaraj, Zonal Deputy BDO, Mr. Malarkodi Kumar, Vijilapuram President, Mr. Mohan, Vijilapuram Vice President, Mrs. Sathiyabama, Vijilapuram Panchayat Secretary, Dr. N.P.M. Mohammed Tariq, Assistant Professor of Biotechnology, Dr. A. Gokulakrishnan, YRC Co-ordinator, Dr. A. Amjad Hussain, Assistant Professor of Biochemistry and Mr. S. Zakirullah, Assistant Professor of Biotechnology in the premise of Vijilapuram Village Panchayat Office, Vijilapuram. A total of 51 people were screened for Blood Grouping

Social Justice Day

16
17-09-2021

(Commemoration of the 143rd Birth Anniversary of Thanthai, Thiru: E.V. Ramasamy Periyar)

The Social Justice day was observed on 17th September, 2021 in commemoration of the Birth Anniversary of Thanthai Periyar Thiru E.V. Ramasamy in our multimedia seminar hall. The series of programmes were successfully organised by the NSS Unit of our college in our campus to commemorate the Social Justice Day.

The programme was started with the Thamizh Thai Vazhthu, Dr.M. Mujibur Rahman, NSS Programme Officer and Coordinator welcomed the gathering. Dr.T. Mohamed Ilyas, Principal, Islamiah College addressed the gathering, Janab: L.M. Muneer Ahmed Sahib, Secretary & Correspondent, Islamiah College, presided over the function, Thematic explanation of the Social Justice was explained by the NSS Programme Officer, Mr. P. Basith Assarani.

All our NSS Volunteers, students and office bearers of the programme took pledge to follow and work hard for the sake of Social Justice along with our beloved Principal on this Social Justice Day.

To create awareness on Thanthai Periyar's role in the promotion of social justice, the NSS Unit of our college organised a special Essay Writing Competition and Elocution Competition for students on this auspicious day of the 143rd birth anniversary of Thanthai Periyar. To maintain Covid-19 SOP as advised by our government, parallel sessions were conducted at two different places at multimedia hall and Room no 205 in our premises with the separate judges Dr. J. Mohamed Ali, Dr. A. Asgar, Prof. G. Harigaran, respectively.

12 students have registered to participate in Elocution competition, among them 9 have participated. The judges have examined the student's performance in three parameters viz idea, language and body language. Sanjay Kumar. K, II B.A. History, Barak Sowth, D. G. Gowtham, II B.Sc. (Physics), A. Md Aamir, I B.Sc (Bio-Tech), P.Meganathan, II B.Sc (Chemistry) have bagged with first, second, third prize respectively.

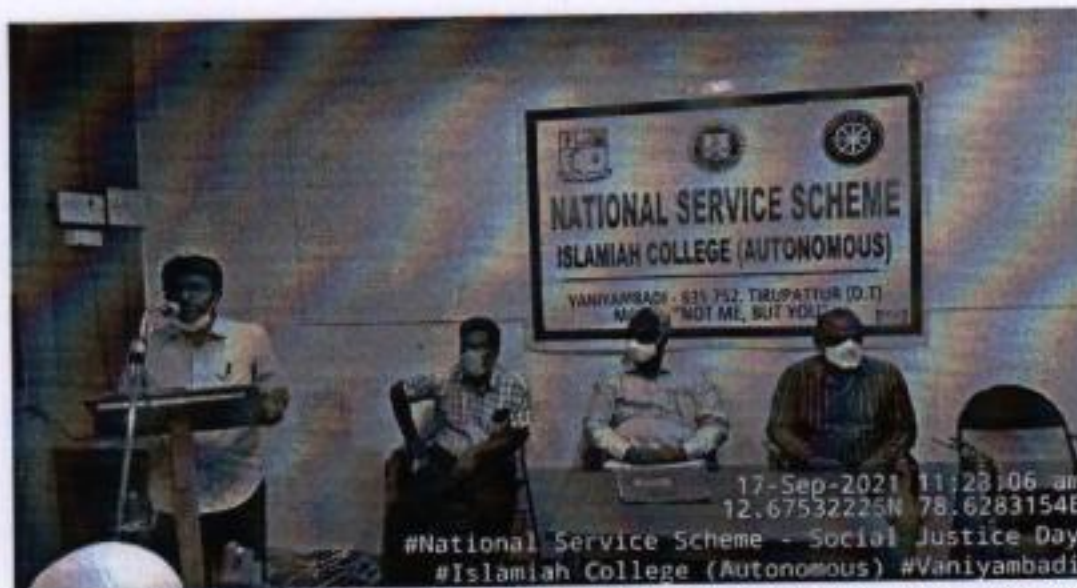

11 students have registered to participate in Essay Writing competition, among them 9 have participated. The judges have examined the student's performance in four parameters viz content, syntax, vocabulary and theme. A. Md Aamir, I B.Sc (Bio-Tech), M. Dhinesh, II B.Sc (Chemistry), N. A. Fardeen, III B.A. (History), D.Thiruppati, III B.Sc (Bio-Tech), P. Kamrudeen, II B.Com (G), Khateeb Faheemur Rahman, III B.Sc (C.S) have won the first, second, third prize respectively.

The programmes were concluded with the Vote of Thanks by Dr. J. Mohamed Ali, NSS Programme Officer followed by National Anthem. Assistant NSS programme officers and HOD's and Professors from various departments and students were also participated.

Online Drawing and Slogan Writing Competition

On

“COVID-19 Awareness”

5th August 2021

Background

This competition was conducted to create awareness among the students about COVID-19, its prevention and control.

Objectives of the Competition:

- To motivate students to participate in the COVID-19 Awareness Campaign
- To increase awareness about the effects of COVID-19
- To create awareness for COVID-19 vaccination.

Executive summary

In response to the letter from the Directorate of Collegiate Education (R.C. No. 112/C2/2021 dated 02.08.2021) in connection with the week-long COVID-19 Awareness Campaign, an online drawing and slogan writing competition was conducted in our college on 5th August 2021. A circular from the table of the Principal was circulated in this regard to the faculty members to notify and enlist the names of the participating students from the college through Google form. Separate submission forms and WhatsApp groups were created for Drawing and Slogan writing competition.

More than 280 participants comprising of students from both Arts and Science disciplines registered and took part in the competition. The competition began at 10.00 AM and ended at 2.00 PM. Students expressed their ideas on COVID-19 Awareness through drawings and paintings. Of the 280 plus participants, 137 (48.9%) took part in online drawing, while 58 (20.7%) took part in slogan writing and 85 (30.4%) took part in both the competitions. Of these participants 259 (92.5%) students belonged to Under graduate disciplines and 21 (7.5%) were from Post graduate disciplines. E-certificates were issued to all the participants. Best drawing and slogan writing were given prizes.

Jury for Drawing Competition

COVID-19 SLOGANS

- Keep Calm & Stay home!
- Get Vaccinated or get Ventilated.
- Wear Mask- Save Lives.
- Lets break the chain- lets stay home.
- Get a drop. Stop the stop.
- Dont Hesitate- Get Vaccinate.
- A little pain for a lot of gain.
- Clean your hands- protect your health.
- Be wise- and Sanitize.
- Think positive- Don't test positive.
- Stay Home- Stay Safe.
- Wearing is Caring.
- Stay Home. Don't be panic.
- Beat the pandemic.

SLOGANS ON COVID-19 AWARENESS

Stay at HOME:-
 No unnecessary journey
 or social contacts.
 You can trust to and
 from work if absolutely
 necessary.
 Don't visit other people's
 houses or socialize outside
 your home.
 If you are unwell,
 isolate yourself and your
 family.
 Keep in touch with
 one another.

CORONA VIRUS AWARENESS SLOGANS

- Be a socially awkward person, but stay connected to the world through social media.
- Send love to your loved ones but from afar.
- We salute to the doctors and nurses who are working hard to eradicate corona.
- We all want to see a better tomorrow, and thus we choose to be at home.
- Home is the only place then can check corona.
- Stay home stay safe.

Date: 05-10-2021 Name: Thaina Majeed V/A Class: 10

ALWAYS REMEMBER!

W-U-H-A-N

- W → Wash hands often
- U → Use mask properly
- H → Have temperature checked regularly
- A → Avoid large gatherings
- N → Never touch your face with unclean hands

Mask, Hat, Zarrori

AVOID HESITATION TO GET VACCINE

Stay away from Crowd
 Stay away from Cases
 Be close to Mask
 Be close to safety

Covishield COVID – 19 Vaccination Camp

28th August 2021

Background

SARS-CoV-2 has caused a worldwide health and social crisis, primarily because of the large number of deaths and the heavy pressure on healthcare systems due to so many individuals being hospitalized and in need of intensive care. Surveillance data shows that up to 90% of deaths and 80% of hospitalizations have occurred in older adults and persons with underlying conditions. From a societal perspective, if these groups were to be effectively protected against severe COVID-19, there would be a substantial decrease in bed occupancy and deaths and the pressure on the healthcare system would be significantly reduced. If the initial objective of the vaccination strategy is to exit emergency status, the vaccination of all older adults is the most efficient and effective approach. Societal and health problems caused by COVID-19 would be far from over but the instigating factor for the unprecedented global hiatus would be removed. As this vaccination approach is implemented, effective non-pharmaceutical interventions should be maintained, since transmission and disease will continue and other vulnerable groups will still be at risk. The identification and characterization of emerging variants of concern remains important.

Objectives of the Camp:

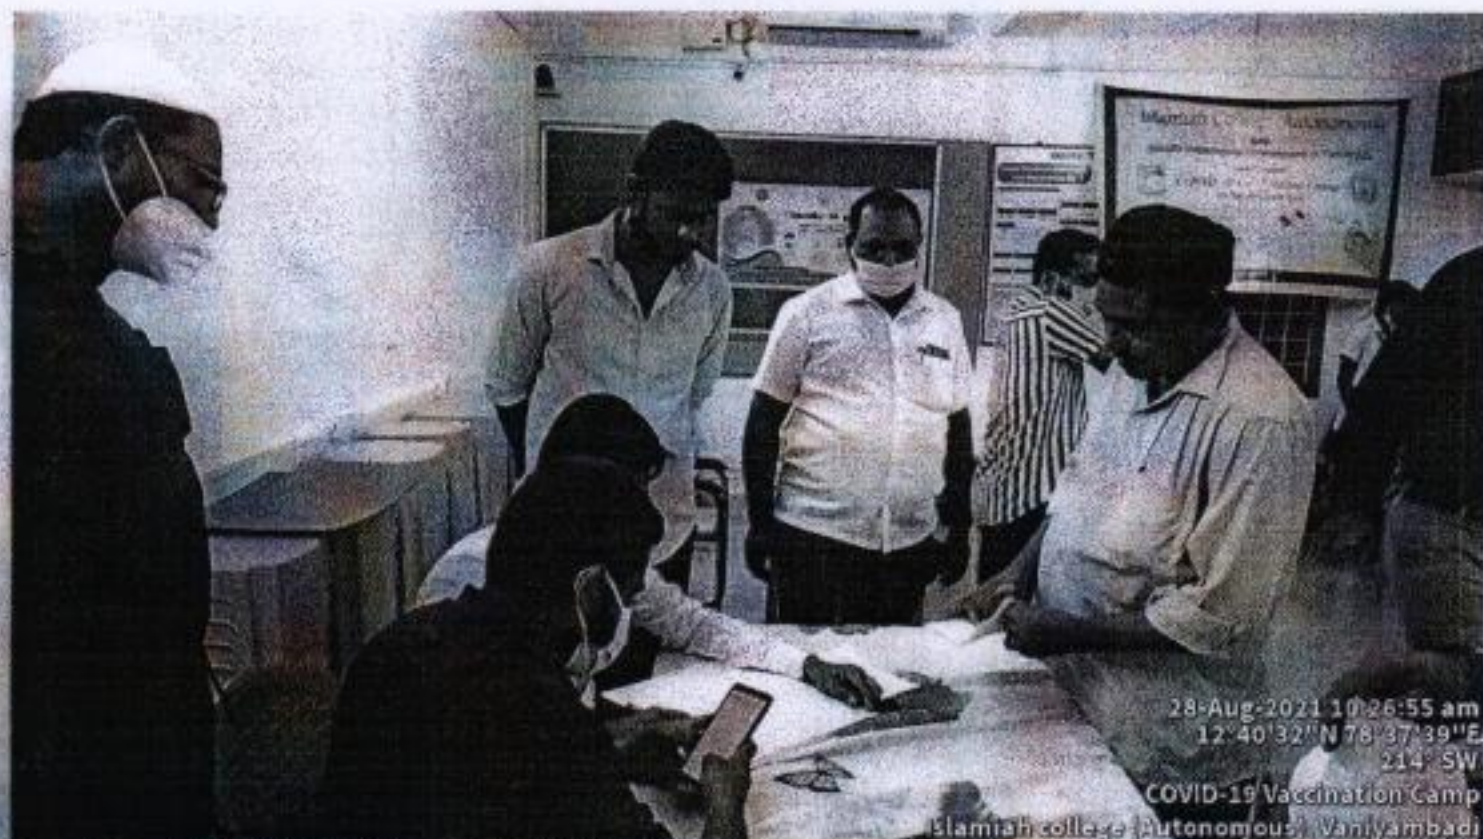

- To contain the spread of COVID – 19
- To reduce overall severity and mortality
- To facilitate reopening of society and resume normal activities
- To reduce pressure on the healthcare system

Executive summary of the Camp

With the blessings of Almighty, “COVID – 19 Vaccination Camp” was organized by Islamiah College (Autonomous), Vaniyambadi, in collaboration with the Health Department, Government of Tamil Nadu, on 28th August 2021 in room no 109 of the college campus for societal cause. Dr. N. Shabeer Ahmed, Nodal officer COVID – 19 containment and the coordinator of the camp meticulously planned the conduct of the camp during the COVID 19 pandemic days. Nearly 150 people inclusive of Non-teaching staffs, faculty members and general public received the vaccine (1st dose/ 2nd dose). Camp began at 9.30 AM and ended at 3.00 PM.

Covishield COVID – 19 Vaccination Camp

27th November 2021

Background

SARS-CoV-2 has caused a worldwide health and social crisis, primarily because of the large number of deaths and the heavy pressure on healthcare systems due to so many individuals being hospitalized and in need of intensive care. Surveillance data shows that up to 90% of deaths and 80% of hospitalizations have occurred in older adults and persons with underlying conditions. From a societal perspective, if these groups were to be effectively protected against severe COVID-19, there would be a substantial decrease in bed occupancy and deaths and the pressure on the healthcare system would be significantly reduced. If the initial objective of the vaccination strategy is to exit emergency status, the vaccination of all older adults is the most efficient and effective approach. Societal and health problems caused by COVID-19 would be far from over but the instigating factor for the unprecedented global hiatus would be removed. As this vaccination approach is implemented, effective non-pharmaceutical interventions should be maintained, since transmission and disease will continue and other vulnerable groups will still be at risk. The identification and characterization of emerging variants of concern remains important.

Objectives of the Camp:

- To contain the spread of COVID – 19
- To reduce overall severity and mortality
- To facilitate reopening of society and resume normal activities
- To reduce pressure on the healthcare system

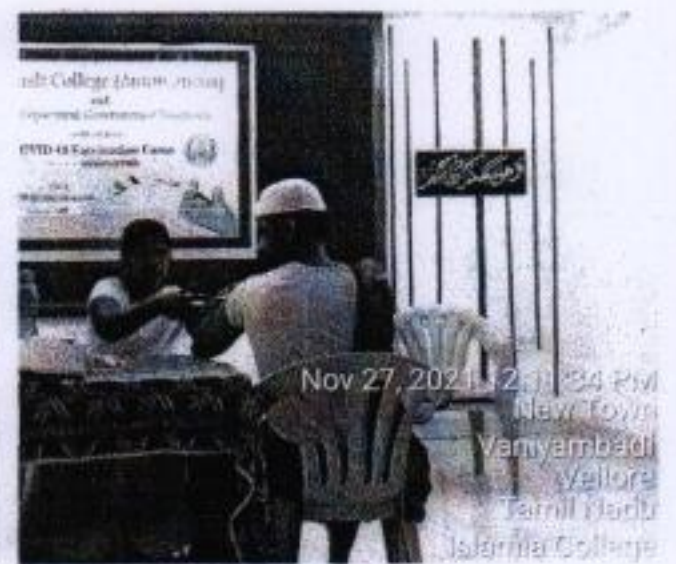

Executive summary of the Camp

With the blessings of Almighty, “COVID – 19 Vaccination Camp” was organized by Islamiah College (Autonomous), Vaniyambadi, in collaboration with the Health Department, Government of Tamil Nadu, on 27th November 2021 in Seminar Hall of our college for societal cause. Dr. N. Shabeer Ahmed, Nodal officer COVID – 19 containment and the coordinator of the camp meticulously planned the conduct of the camp during the COVID 19 pandemic days. 239 people inclusive of Non-teaching staffs, faculty members, students and general public received the vaccine (1st dose/ 2nd dose). Camp began at 10.00 AM and ended at 4.00 PM.

Deworming Campaign

24th and 25th September 2021

Background

Four main species of intestinal worms (also known as soil-transmitted helminths) affect almost a quarter of the world's poorest and mostly marginalized people are the most affected. They are a major public health problem because the worms disrupt people's ability to absorb nutrients, impeding the growth and physical development of millions of children.

More than 836 million children are at risk of parasitic worm infections worldwide. According to World Health Organization 241 million children between the ages of 1 and 14 years are at risk of parasitic intestinal worms in India, also known as Soil-Transmitted Helminths (STH). Helminths (worms) which are transmitted through soil contaminated with faecal matter are called soil-transmitted helminths (Intestinal parasitic worms). Roundworm (*Ascaris lumbricoides*), whipworm (*Trichuris trichiura*) and hookworms (*Necator americanus* and *Ancylostoma duodenale*) are worms that infect people. Worm infestations contribute to vitamin A deficiency; deworming reduces anaemia, anaemia is also associated with increased vitamin A deficiency. Therefore, worm infestations and vitamin A deficiency both have serious health repercussions for a growing child and therefore both should be prioritized. STH is transmitted in the following ways.

1. Adult worms live in human intestines for food and survival and produce thousands of eggs each day.
2. Eggs are passed in the faeces of infected person.
3. Infected people who defecate outdoors spread worm eggs in the soil.
4. Eggs contaminate the soil and spread infection in several ways: —
5. Ingested through vegetables that are not carefully cooked, washed or peeled;
6. Ingested from contaminated water sources;
7. Ingested by children who play in soil and then put their hands in their mouths without washing them.

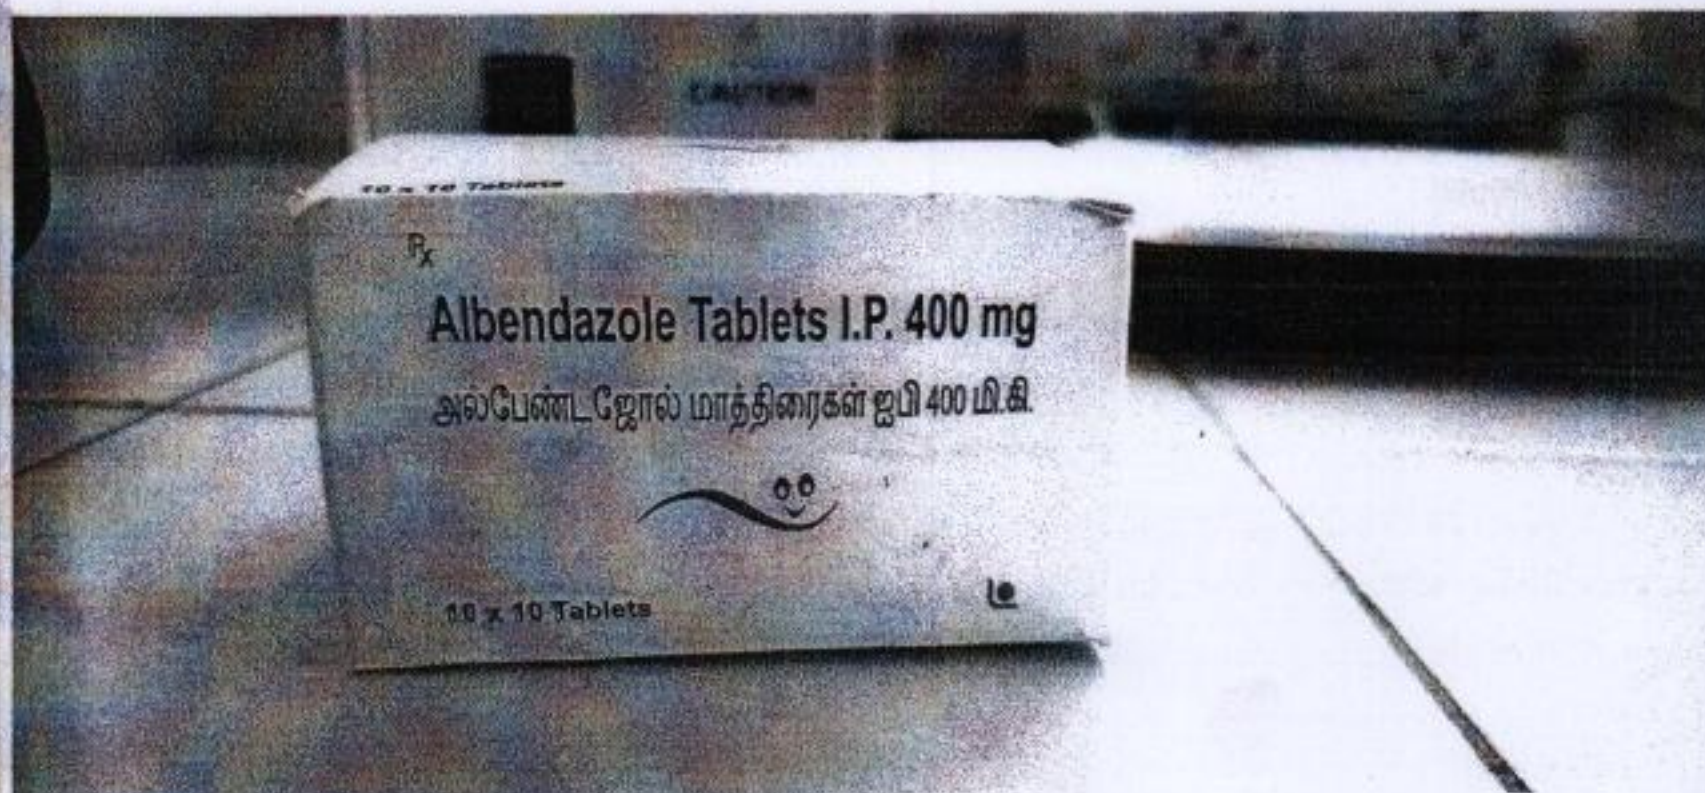

STH infections can lead to anemia, malnutrition, impaired mental and physical & cognitive development, and reduced school participation. Periodic deworming programmes with a single-tablet treatment can drastically reduce the suffering of those infected with parasitic intestinal worms and protect the 1.5 billion people currently estimated to be at risk.

Objectives of the Campaign:

- To deworm all students
- To reduce the prevalence of soil transmitted Helminths (STH)
- To reduce Vitamin A deficiency due to worm infestation
- To overcome malnutrition and anaemia

Executive summary of the Campaign

With the blessings of Almighty, “Deworming Campaign” was organized by Islamiah College (Autonomous), Vaniyambadi, in collaboration with the Health Department, Government of Tamil Nadu, on 24th and 25th September 2021 to deworm students of age group less than 19 years. Deworming Tablets Albendazole 400 mg was obtained from the Health Department, Government of Tamil Nadu. Dr. N. Shabeer Ahmed, Assistant Professor, Department of Biotechnology planned and executed the campaign meticulously. A circular from the table of the Principal was circulated in this regard to the HoDs to distribute the deworming tablets to students through their mentors. A total of 1775 tablets were distributed. On 24.09.2021, 900 tablets were distributed to students and on 25.09.2021, 875 tablets were distributed.

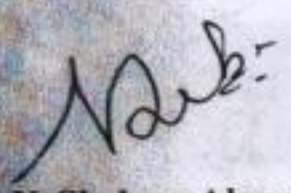

PRINCIPAL
ISLAMIAH COLLEGE (AUTONOMOUS)
VANIYAMBADI - 2.

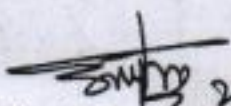

Outcome and Suggestions

- Deworming will improve immunity, and thereby protect from chronic illnesses caused by worms.
- It will improve concentration and attendance, making them more productive in classes.
- It will increase nutritional uptake and control infections such as anemia, loose bowels, etc.
- It will improve work potential and livelihood opportunity.
- It will help in reducing worm infection in the community.

This campaign for the students, received appreciations from the College management, Health Department, Government of Tamil Nadu and the general public. After the success of this camp, it was suggested to deworm adults (above 19 years) as well under the guidelines of health professionals.

Participation of NSS Volunteers in the Fit India Movement

As a part of the Fit India Movement, the NSS volunteers were motivated to maintain physical fitness and spend atleast 30 minutes for fitness activities.

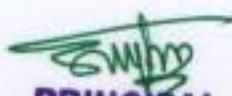

The volunteers encouraged their neighbors to maintain fitness and do exercise daily. Our volunteers did cycling in their respective villages and motivated their friends to do cycling. A group of volunteers did ground exercise by maintaining physical distancing.

Report on the Extension activity, "Awareness campaign on prevention of
COVID-19" - 15 March 2021

The department of Chemistry organized one outreach programme on "**Awareness campaign on prevention of COVID-19**" on 15.03.2021. The staff members and the students meet the public and explained the adverse effects of COVID-19 and how it vigorously turned into pandemic. The staff members and the students created awareness how to prevent one from being affected by the virus. The public were advised to wear face mask, to sanitize hands and to maintain a social distance of at least three meters. It was learnt that there was vaccination hesitancy among the public. Our staff members and students dispel the fears of vaccination and persuaded the public of above 18 years of age to have two shots of either Covaxin or Covishield vaccines available in the nearby health centres. Throughout the programme, the students and the staff members strictly followed anti COVID measures such as wearing mask, hand sanitization and maintaining social distance. Dr. S. Raja Mohamed Kamil, HOD of Chemistry coordinated the programme.

DAY-7

03-02-2020 MONDAY

CAMPUS CLEANING: GOVERNMENT ELEMENTARY SCHOOL, PONNERI

Campus cleaning work was taken up today in the campus, where our NSS team stayed for the last 6 days. Our team perfected the watering space of the plants already existing in the campus. Many of the garden plants existing in the campus actually our team planted during our special camp stay in the last two occasions.

SAPLING PLANTATION: GOVERNMENT ELEMENTARY SCHOOL, PONNERI

Sapling of variety of plants of garden plantation and the sapling of trees are planted in the school premises. This is one of the environmental protection measures.
